EARLY BIRD REGISTRATION ENDS 14 DECEMBER 2019

Attached is the Annual ACSL 15th Strata Law Conference to be held in Noosa, Queensland in February 2020.

The conference focuses on some of the most fundamental and topical areas of strata and community title law from examining how major projects are structured to preserve the interests of multiple parties involved in it to how ongoing reform of legislation impact on the practice of strata and community title law and to equip attendees with comprehensive updates on important areas of their practice. Given the scale and gravity of building defects, and the rate of legislative change in each jurisdiction, part of this year's conference is devoted to that theme.

We look forward to welcoming you to the conference.

Nina Psaltis
General Manager
